

## Eco Schools

Eco-Schools is an international award programme that guides schools on their sustainable journey, providing a framework to help embed these principles into the heart of school life.

In order to achieve Eco Schools Green Flag status schools must follow a seven-step process which helps them to address a variety of environmental themes, ranging from litter and waste to healthy living and biodiversity.

Edmondsley Primary School's three Green Flags demonstrate our desire to be a leading Eco School.

At a celebration to mark the award nationally of 1000 Green Flags, staff and children from Edmondsley were invited to attend a special event at Kew Gardens in London where we were asked to talk about our teaching of Global Awareness.
