

PHSCE

Write or draw five special things you would put in your own treasure chest.

What is really special to you?

Why not ask your family and friends what their treasure is. Are the same things important to everyone? Why not?

MATHS/GEOGRAPHY

Draw your own map and write directions to find some hidden treasure. You might even want to set up the treasure trail for your friends or family to complete.

ENGLISH/ART

Draw or paint your own pirate and describe what he/she is like. You could even start with a picture of yourself and draw/paint what you would look like as a pirate!

Hedgehog Class – Summer 1 A Pirate's life for me!

As part of our topic, we would like you to help your child to get involved at home.

The children can choose which order to complete the suggested activities in; they may even come up with some of their own ideas!

Children need to **complete 1 piece of homework per week.**

Homework is to be returned each **Thursday (2nd, 9th, 16th, 23rd May)**

We can't wait to see what you come up with.

Have fun!

Mrs Coates and Miss Kirtley

We are also going to have another reading raffle this half term to encourage the children in their home reading. If your child reads 5 times in a week (we'll check reading records each Monday) they'll win a raffle ticket. We will draw the raffle and give out prizes before the May half-term holiday!

HISTORY/ENGLISH

Find out about a famous pirate using books or the internet. Tell the class what you have found out by creating:

- A wanted poster
- A story
- A fact-file
- A poster
- A mini-book
- or a PowerPoint presentation

What was life like for this pirate? Were they a good pirate or not? Why?

DESIGN & TECHNOLOGY

Create your own desert island model using junk modelling materials. You might include a harbour, caves, palm trees and some hidden treasure!
