

ART AND DESIGN / D&T

Design and draw, or create a model (no bigger than a shoebox size please) of an underwater scene.

Think about the different corals, creatures and colours you might see. Can you use recycled products in your model?

MATHS

Find the size of the 5 different oceans, can you order them from smallest to largest?

MUSIC

Compose and perform a musical sea poem and/or

Listen to a piece of seaside/sea music and draw the picture that you imagine while you are listening to the music. Remember to write the piece of music it was on your picture.

Rabbit Class

Summer Term 2

Under the Sea

Homework

As part of our topic we would like you to help your child to get involved at home.

The children can choose which order to complete the suggested activities in; they may even come up with some of their own ideas!

Creations can be brought in when complete however please ensure they are all returned by Wednesday 18th July for presentations.

We can't wait to see what you come up with!

If you need any help, please speak to us.

Enjoy, Miss Skidmore and Mr Avery.

ENGLISH

Create your own under the sea creature and write a description about it.

You may want to take ideas from real sea creatures that you know or create a mechanical one like in our book, Flotsam.

GEOGRAPHY

Investigate the uses of seas and oceans, including food, fuel, transport, tourism etc. as well as how pollution can harm the ocean.

Present your findings in whichever way you choose.

COMPUTING

Use the internet to research Under the Sea habitat.

Can you produce a poster or a fact sheet or PowerPoint about the things you have learnt?
