

ENGLISH

Narrative and persuasion

In English this term, we will be focussing on our narrative and persuasive writing skills

Our Objectives will be to:

- Link ideas across paragraph using a range of devices
- Integrate dialogue to describe characters and further action
- Use a range of grammatical devices to add detail
- Write in both informal and formal contexts
- Evaluate our writing
- Manipulate clauses within sentences

MUSIC

Reading Music

Our Music focus will be to use and understand the staff and other musical notations.

Our Objectives will be to:

- Recognise notes from a treble clef.
- Play music in the key of C.
- Compose and perform a piece of music.

HISTORY/GEOGRAPHY

Egypt and the River Nile

During History and Geography lessons, we will be researching the ancient civilisation and examining the importance of the River Nile.

Our Objectives will be to:

- Investigate ancient, international history of an important civilization.
- Research and present information about the River Nile.

MATHS

Our Objectives will be to:

- Revise written methods for addition, subtraction, multiplication and division
- Learn the meaning of terminology pertaining to the above
- Add, subtract, multiply and divide decimal and fractions
- Measure and draw angles
- Recognise and draw parallel and perpendicular lines
- Calculate percentages of quantities
- Convert between units of mass and capacity
- Solve word problems involving ratio, statistics and in inverse

Stag Class -Spring 1

SCIENCE

Electricity

We will be looking at simple circuits and planning our own investigations. We will examine symbols and using them in our designs.

Our Objectives will be to:

- Make and repair a simple circuit and to recognise symbols and explain why a bulb varies in brightness.
- Apply knowledge and understanding of simple circuits to control technology.

RE

Islam

We will explore the basic beliefs of Islam.

Our Objectives will be to:

- Explore key facts about Islam.
- Explain the significance they have for Muslims and the importance of Mohammed.

PE

Gymnastics

We will be developing flexibility and balance. PE kit will be needed on **Wednesday** and **Thursday**.

Our Objectives will be to:

- Use a variety of movements and balances.
- Create a sequence of gymnastic actions and perform to an audience.

COMPUTING

Programming

In ITC we will be programming a sprite on Scratch and creating a Powerpoint to include animations and transitions.

Our Objectives will be to:

- Create a basic Egyptian Scratch animation.
- Produce a Powerpoint and manipulation of a picture using Morfo.

ART and D&T

What a Performance!

We will be making Egyptian headgear and masks. In D&T our focus will be Talking Textiles where we will produce an Egyptian wall-hanging.

Our Objectives will be to:

- Use research and develop our own design criteria to create our own pieces of Art.
- Make and evaluate our designs against set of success criteria.
- Make changes to our designs based on feedback from others.
