

Edmondsley Primary and Nursery School

22nd May 2017

CONGRATULATIONS MS SCOTT

Ms Scott has successfully been appointed as an Early Years Leader at a Local Authority School. She will be a miss to us all and has covered the Year 1 class as Class Teacher superbly. We wish her all the very best in her promotion.

Year 1 Teacher from September 2017

Mrs Rosie Coates has been appointed to start teaching in Year 1 from September 2017. She will join Mrs Jennie Anderson in Key Stage 1 of our school.

Hello, my name is Rosie Coates and I am delighted to have been given the opportunity to join the teaching staff at Edmondsley Primary School from September. I have always had a love of teaching and this has grown through many experiences of voluntary and paid work with children and young people. I completed an undergraduate degree in Education Studies and Biological Sciences and following this I have undertaken school-based Teacher Training. As a result of my studies I thoroughly enjoy all curriculum areas, teaching using a topic focus to

engage and excite pupils.

I aim to develop a stimulating, exciting and engaging classroom learning environment to help my pupils thrive. I also enjoy building effective positive relationships with my pupils, helping them to enjoy coming to school each day and be willing to take on new challenges to reach their full potential. I want to see all my pupils become the best they can be, both academically and as individuals.

I enjoy spending time with my husband and close-knit family, as well as exploring the outdoors through camping and walking. As such I am particularly looking forward to embracing the school's eco-friendly ethos and using the excellent outdoors provision to support educational achievement for all pupils. I also enjoy visiting new places, reading, and doing arts and crafts.

I look forward to meeting and getting to know you all in September,

Mrs Rosie Coates
