Governors and I are currently planning to ensure Edmondsley Primary and Nursery School will continue to maintain a good standard of Primary Education for all pupils during my year of maternity leave. We will of course share further information once it is available.

Parking

A few parents have asked me what I can do regarding the inappropriate parking around our school.

Please can all adults take responsibility for their own parking to ensure the safety of their own and other children who attend our school.

Our local PCSO often visits our school to discuss how they can be of any assistance outside of school as this is their responsibility. Dangerous parking is always discussed.

Congburn Coffee Shop and Garden Centre have kindly invited parents and family members to park in their Car Park. To enable families to do this, please can everyone be mindful of how much of the path you are blocking with your vehicle; parents with children in pushchairs should not be expected to walk up the road.

School Car Park

This is a reminder that parents and carers should not use the school car parks at any time for dropping off and picking up children. So please remember that parents and carers are not permitted to park on the school premises. We are not being awkward –we are just considering the safety of your children. Thank you

Attendance

I have become a little concerned about some children's attendance in school. If you have received a letter, please contact Mrs Haswell in our school office to arrange a mutually convenient time for us to meet so we can discuss ways of helping your child's attendance and overall primary school experiences.
