

Home Learning Grid

Week beginning:	15 th June 2020
Class name:	Stags
Teacher's weekly message:	Hi Stag Class. It has been lovely to see the Year 6 videos trickling in over the past two weeks - I'm in the middle of editing them and joining them all together and you should be able to see it soon. I have been really busy over the past few weeks getting our new curriculum ready for next year at Edmondsley and Mrs Pears has been supporting one of our Keyworker bubbles at school. We hope you are all well and still enjoying the learning grids. Take care and have a lovely week, Mr Glenton and Mrs Pears.

This grid will give you some ideas of activities you can do at home. Try and complete one activity from each section (column) every day (Mon- Fri).

English	Maths	Wider Curriculum	Family Fun
 <p>This is a picture of the great balloon race. Write a set of instructions to tell participants the rules.</p>	<p>Go to https://uk.ixl.com/math/ and select your year group. Spend 30 minutes each day answering the questions. How many can you get correct in a day?</p>	<p>Complete two lessons from BBC Bite size which are not English or Maths. Can you do all the activities after you have watched the videos and played the games?</p>	<p>Ask your grown-ups for five jobs they would like you to do around the house this week. Ask them if you can do something that you have not done before and do one a day.</p>
<p>Write RAINBOW down the side of your page. Write a sentence starting with each letter saying what you have enjoyed about school this year. Send it via email to the school.</p>	<p>If the answer is 1234, what is the question? Make up five of your own word problems. Try and make some of them tricky to solve.</p>	<p>Find the names of ten types of trees. Find an interesting fact about each one and have a go at drawing their leaves.</p>	<p>Have you been on your bike or scooter lately? Ask your grown-up if you can go on a walk and take it - remember your helmet!</p>
<p>In a perfect world, what would it be like? What would everybody have? Design a poster which advertises your perfect world. Use eye-catching illustrations and full sentences.</p>	<p>Do you still remember how to do long division and multiplication? Do three examples of each.</p>	<p>Go to https://www.railwaymuseum.org.uk/ and take a look around the York railway museum. There is a great section on objects and stories which is really interesting.</p>	<p>Get out all your felt tips, crayons, paper, paint, glitter, glue, card and anything else you have and have an arts and crafts afternoon.</p>
<p>What have been the trickiest spellings you have had this year? Write your top ten and then put each one into a sentence.</p>	<p>Play countdown with your grown up at home. They give you a number to reach and give you five numbers to get make calculations to get there.</p>	<p>On Wednesday, it is national upcycling day where people take old or unwanted items and change them into something useful. What can you upcycle this week?</p>	<p>Build some model aeroplanes with members of your family and have a competition of whose plane flies the furthest.</p>
<p>Find a poem online and write it out in your neatest, joined up handwriting. Can you memorise the poem?</p>	<p>Play the yes/no shape game. Guess the shape your grown up is thinking of by only asking yes/no questions.</p>	<p>There have been lots of protests this week about racism. Talk to your grown-ups about what is happening in the UK.</p>	<p>Create a pavement masterpiece. Use chalks or crayons and create your own art outside.</p>
