

Home Learning Grid

Week beginning:	29th June 2020
Class name:	Squirrel Class
Teacher's weekly message:	<p>Buenos Dies</p> <p>Hope everyone is still well and that you enjoyed the fabulous weather last week. Keep sending me notes and pictures of the things you've been getting up to. I love reading about what you've been doing. I wonder if you've visited the beach or been to the forest now that things are opening up again. Mrs Wall is in our Y2 classroom now everyday with Bubble C and she's been enjoying the weather and doing some fun things outside with chalks.</p> <p>Take care and stay safe Love Mrs Anderson and Mrs Wall</p>

This grid will give you some ideas of activities you can do at home. Try and complete one activity from each section (column) every day (Mon-Fri).

English	Maths (Do this in order)	Wider Curriculum	Family Fun
Choose a book which has chapters in and read at least one chapter each night. You might need an adult to help you with this depending on your reading level.	Count up in 2s from 14 Count up in 5s from 25 Count up in 10s from 30 Count up in 3s from 3	Count back in 2s from 88 Count back in 5s from 60 Count back in 10s from 100 Count back in 3s from 50	This week (June 29 th) marks the start of Children's Art Week (this runs for the next three weeks with a different theme each week). This week's theme is 'The Natural World'. You can create in any media you wish and register your artwork onto the website. https://engage.org/happenings/childrens-art-week/
Write out 8 questions about one chapter using question words and question marks and then write the answers using full sentences underneath. WHO WHAT WHERE WHY WHEN HOW CAN DO	Write out your x2, x5, x10 and x3 tables and practise them by singing them or chanting them. Now go on to HIT THE BUTTON to see how fast you can recall your times tables facts. https://www.topmarks.co.uk/maths-games/hit-the-button	Now that the weather is getting warmer, we need to remember to be safe in the sun. Draw a poster to warn people of the dangers of the sun and what they could do to stay safe. Research this online with the help of an adult if you're not sure.	Learn how to play a mini rounder game. You will need a bat or tennis racket, a ball and four bases. You will also need at least three players. One person bowls, the other bats and another person fields. Try to run to as many bases as you can and count each base as one point. Go back to the start to bat again six times and keep score then swap. Winner is the person who scored the most.
Write a new chapter for your book. What could happen next in the story? Where could your character go? What might they do? Proof read your writing for sense, capital letters, full stops, spellings etc. Can you improve your writing? Add in extra adjectives or adverbs to make your writing more interesting?	Draw arrays to show and solve these multiplications. E.g. 3x4=12 3x8 5x4 5x5 5x2 6x3 2x9 10x3 10x2 5x8 2x7 2x6 10x6 	Sort these animals into groups. Are they mammals, amphibians, fish, birds or reptiles. Research each group and find out what features they have. 	In this lovely warm weather it is nice to cool down with some ice cream. Try making your own with this recipe which only requires two ingredients. https://www.biggerbolderbaking.com/homemade-ice-cream/ 
Choose ten words from reading your chapters that are your favourite or that are new to you. Use them in ten new sentences to show that you understand what the word means. E.g. aromatic The aromatic smell was making my mouth water.	Draw pictures of these problems to solve them. Five friends have 5 LOL dolls each. How many LOL dolls in total? 4 people want two cupcakes each. How many will that be in total? 5 boys want 3 comics each. How many altogether? 8 children need 10 counters each. How many counters altogether?	In school this term we would have been learning about seaside holidays during Victorian times. See what else you can find out about Victorian times. Who was the queen or king during this time in history? When does	Enjoy a movie afternoon on a rainy day. If the weather is rainy one day, snuggle up on the settee with your family and enjoy a movie. You could take turns to choose.
Write a book review once you've finished reading your chapter book. How many stars would you give it? What was your favourite part? What did you like about the book? Where was it set? Who was	NRICH CHALLENGE The splitting plant grows in a special way. In the first week, the stem splits into two branches. In the second week, each of these two branches split into another two branches - making four 	Make breakfast for the family. Set the table in the morning and get out the cereals, plates and cutlery. Make the toast and tea (with the permission of an adult) and enjoy. Make sure to clear everything away.	

your favourite character? Would you recommend this book to anyone? Who and why?

branches altogether. This keeps happening every week, until at the end of the sixth week each branch grows a flower.
How many flowers will the plant have?

this fit onto our timeline? Was it centuries ago or decades ago? How was life different then and why?
