

Home Learning Grid

Week beginning:	15 th June 2020
Class name:	Rabbits
Teacher's weekly message:	<p>Hello Rabbits, Hope you are keeping well and have been keeping busy with our Home Learning Activities. This week I have been working really hard on our Art Curriculum for next year and doing a lot of online courses about Maths, Art and supporting children with anxiety; obviously, the Art course was my favourite! I have also had some online meetings, one of which was with Mr Glenton and Mrs Anderson, it was great to see their faces again, I am missing everyone so much!</p> <p>Of course, Mrs Webb has been crafting this week but she has also been learning Italian online! Ben fatto! However, most importantly her dog Oscar had a well overdue visit from the dog groomers, Mrs Webb now has enough fur to stuff a cushion which I'm sure could make with ease! Remember to keep in touch, we love receiving your emails! Stay safe, love Miss Skidmore and Mrs Webb.</p>

This grid will give you some ideas of activities you can do at home. Try and complete one activity from each section (column) every day (Mon-Fri).

English	Maths	Wider Curriculum	Family Fun
<p>This week is National Refugee Week, broaden your understanding by completing the following reading comprehension activity.</p> <p>https://www.twinkl.co.uk/resource/t2-e-2249-ks2-refugee-week-differentiated-reading-comprehension-activity</p>	<p>Log on to Timetables Rockstarts and beat your best score!</p> <p>I will be checking the leader board to see who wins the title!</p>	 <p>Monday 15th June is Nature Photography Day.</p> <p>Using a digital camera, iPad, mobile phone (whatever you have available and have permission to use) and experience nature from a different viewpoint. Get up close and personal and see what amazing pictures you can capture.</p>	<p>Mrs Webb has been baking this week and delivered an 'Afternoon Tea' to her Aunt who is shielding. Can you bake a delicious treat, following a recipe carefully? Perhaps you too can deliver them safely to friends and family to enjoy too!</p>
<p>Practise your spellings (found in your organiser) by writing them in a range of different ways; bubbles, multicolours, in petals, etc.</p>	<p>Watch the following clip to find out about the difference between analogue and digital time.</p> <p>https://www.bbc.co.uk/bitesize/topics/zkfydcdm/articles/zcrrmqty</p>	<p>Grow your own crystals. Follow this link for instructions https://www.stem.org.uk/system/files/elibrary-resources/legacy_files_migrated/22808-08_growing%20crystals.pdf</p>	<p>It's going to be another wet week. Choose a movie to watch together, snuggle up and enjoy.</p>
<p>These adjectives are quite boring;</p> <p>Big, nice, dark, happy, old, sad, small</p> <p>Write them in different bubbles and around them think of at least 4 new adjectives that mean the same but are much more exciting!</p>	<p>Write a timetable for your day using analogue and digital time.</p> <p>Include what time you get up, lunchtime, exercise, etc.</p>	<p>On my art course I learnt about Kigurumi which is a Japanese term for a costumed character, usually an animal. They are a bit like a mascot as they use them to represent something. Can you design a Kigurumi for Edmondsley? Think about symbols important that may represent our school and promise.</p>	<p>Go for a walk somewhere local, this may be in woodland to the beach or nearby farmland and see what habitats you can find.</p> <p>Look on https://www.stem.org.uk/resources/elibrary/resource/417980/habitats-spotter-sheets for some guides to help you.</p>
<p>Chose a book you have never read before to read. If there are any words you are unsure of look them up using a dictionary, or online if you don't have one.</p>	<p>Write the following times in digital time.</p> <p>3pm 5:30pm 7am 12:30pm 8pm 9am</p>	<p>Can you learn a new language like Mrs Webb? Maybe you could challenge yourself to learn your numbers in French and have a game of bingo with your family reading the numbers aloud in French then English.</p>	<p>Play a board game together or create one of your own. You might even arrange to borrow or swap a board game from a friend or family member.</p>
<p>Eye of newt, and toe of frog, wool of bat, and tongue of dog, adder's fork, and blind-worm's sting, lizard's leg, and howlet's wing..."</p> <p>- from Macbeth by William Shakespeare</p> <p>Can you write your own recipe for a magic potion? Think carefully about what it may include and what effect it might have on whoever drinks it!</p> <p>Use subheadings, bullet points and imperative verbs.</p>	 <p>I have 5 envelopes, each containing 2 cards from a set of 0-9 digit cards. The sum of the two cards inside each envelope is written on the front. Which digit cards are in each envelope?</p> <p>How many different ways combinations can you find?</p>	<p>Newspaper dancing! (Best played with others)</p> <p>Each player begins by standing on a large piece of newspaper. When the music plays you move off your newspaper and show off your best dance moves! When the music stops you need to stand back on your newspaper, you cannot touch the floor. When everyone is ready, fold the newspaper to make it smaller and start to dance again.</p> <p>Keep playing until you can't stand on the paper anymore. How well can you balance?</p>	 <p>Sunday 21st June is Father's Day. In preparation, I made a picture using papercutting for my Dad, it has leaves and garden tools on as he loves to be outdoors gardening.</p> <p>Why don't you make a card or picture for your Dad or another special man in your life such as a Grandfather, Uncle or maybe even a brother!</p>
