

Edmondsley Primary and Nursery School

Learning from Home

Home Learning Grids - Reminder

The 'Home Learning Grid' survey which most parents completed has been very useful for us to make an informed decision of what Home Learning is going to look like if it is needed in the Future. One Maths and one English activity will be shared with you and daily Family Fun activities per week. These will be available on Facebook and our school website.

Also daily lessons are available using the following website. <https://www.bbc.co.uk/bitesize/dailylessons>

Microsoft TEAMS

As outlined in my letter last week, class teachers will set assignments using the platform TEAMS. You should have received a text message from your child's class teacher with a link to Monkey Survey. This was for you to view the 'Home and School agreement on the use of TEAMS'. This can be viewed again by following this link to our school website. Further information is also available on the agreement. <http://www.edmondsley.durham.sch.uk/wp-content/uploads/sites/146/2020/09/Parental-agreement-TEAMS-1.pdf>

An individual username and password will be sent to you sometime this week, if you have agreed to the terms of use. Please note, some terms of use refer to video conferencing. We will **not** be using this function. If in the future, we decide it would be useful, then you will be notified by myself. You will be asked to reset the password when you first log in to TEAMS. **It is your responsibility to keep this password safe.**

How to access TEAMS

Information on how to access TEAMS has been uploaded onto our website and can be found here. <http://www.edmondsley.durham.sch.uk/wp-content/uploads/sites/146/2020/09/Joining-Teams-to-access-class-assignments.pdf>
