

English

In English during this half term, we will be exploring the book *The Ice Garden* by David Macphail.

We will be writing:

- Leaflets
- Poetry including alliteration
- Persuasive writing

Maths

In Maths during this half term, our objectives will focus on: **Decimals, including money and percentages.**

We will be learning to:

- find the effect of dividing a one- or two-digit number by 10 and 100 identifying the value of the digits in the answer as ones, tenths and hundredths
- round decimals with one decimal place to the nearest whole number
- compare numbers with the same number of decimal places up to two decimal places
- solve simple measure and money problems involving fractions and decimals to two decimal places.
- read and write decimal numbers as fractions [for example, 0.71 = 71/100]

Science

In Science during this half term our focus will be:

What can affect the sounds we hear?

We will be learning to:

- Identify how sounds are made, associating some of them with something vibrating
- Recognise that vibrations from sounds travel through a medium to the ear
- Find patterns between the pitch of a sound and features of the object that produced it and the volume of a sound and the strength of the vibrations that produced it
- Recognise that sounds get fainter as the distance from the sound source increases.

Geography

In Geography this term our focus will be to **explore why we have cities.**

We will be learning:

- The names and locations of the major cities of the UK and the difference between a city and a town. The key features of cities will be introduced with accurate terminology to include site and function.
- Pupils will use geographical data including from maps and information to look at the key features and functions of cities.

Deer Class - Spring 2 Curriculum Grid

PE

We will be taking part in PE on **Monday and Tuesday.** This half-term we will be taking part in swimming lessons and we will be learning to develop flexibility, strength, technique, control and balance through dance.

The children will need to come to school in their **PE kits on Tuesday** and will need to **bring their swimming kit on Monday.**

RE

In RE, we will be exploring why Lent is such an important time for Christians.

We will be learning:

- That Lent is a time of giving up and explore some ways that Christians give things up
- The different practices of Christians during Lent
- That Lent is a time of giving charitably and reflect on ways Christians may give to others.

Computing

In computing this half term, our focus will be on **modifying a code using the programme Scratch.**

We will be learning to:

- Develop the use of count-controlled loops in a different programming environment.
- To develop a design that includes two or more loops which run at the same time.
- To design a project that includes repetition.

D&T

In D&T this term our focus will be on 2D to 3D products to make a set of Juggling balls.

We will be learning to:

- Investigate and evaluate a range of existing products
- Generate, develop, model and communicate ideas through discussion and annotated sketches
- Select from and use a wider range of materials, tools and equipment to perform practical tasks
- Evaluate ideas and products against own design criteria and consider ways to improve

Personal, Social, Health, Relationship and Citizenship Education

PSHRC this term our focus will be 'Strive to be the best I can be'.

We will be learning to:

- Recognise when we find something difficult and how this makes us feel
- Understand the advantages of staying positive even when things go wrong
- Use strategies to deal with feelings of disappointment and hopelessness
- Accept ourselves for who we are and recognise that we are special.

French

As-Tu Un Animal?

In this unit children will learn core vocabulary about pets. They will be able to name different pets and tell somebody whether they do, or do not have a pet, what pet they have and the name of their pet, in French.
