Science

In Science during this half term our focus will be living things and their habitats

We will be learning to:

- Describe the life process of asexual reproduction in some plants
- Describe the process of pollination and fertilisation
- Describe the process of seed dispersal and investigate how mass/surface area impact on it.
- Fungi,
- Making classification keys and classifying animals

History

In History this term our focus will be a historic environment enquiry to answer the question - who was Tommy Armstrong?

We will be learning:

- Who he was and looking at his career as a miner.
- About his impact on the immediate locality and in County Durham

Stag Class - Autumn 2 Curriculum Grid

PE

We will be taking part in PE on **Monday and Tuesday**. The children will need to come to school in their PE kits on Tuesday.

Children will continue to swim on a Monday afternoon. We will be learning to improve our attacking and defending skills in team games on Tuesdays.

RE - How and why is Advent important to Christians?

This half term in RE, we will be exploring what the gospels tell us about the birth of Jesus

We will be learning to:

- Recall and explain the key events of the Nativity Story.
- Explore how and why accounts from the Bible may vary.
- think critically about how Christians read the Bible and allow it to shape their beliefs.

Personal, Social, Health, Relationship and Citizenship Education

Me and My Community

In PSHCE this term our focus will be what makes up a person's identity.

We will be learning to:

- Understand the range of factors that contribute to a person's identity
- Understand stereotypes and how to challenge them.

Computing

In computing this half term, our focus will be on Computing systems and networks:
Communication and collaboration

We will be learning:

- To recognise how data is transferred.
- To complete shared projects online and evaluate different methods of communication.
- To communicate responsibly.

Design Technology

In DT this term our focus will be making a felt phone case.

We will be learning to:

- Research and design a phone case fit for purpose.
- Make a phone case using appropriately selected materials and tools.
- Evaluate the success of my product and consider areas of improvement.
