

Julie Norton

I am a parent Governor and have 2 daughters who have both attended Edmondsley from being in nursery. My youngest is now in Year 5 and my eldest is in Secondary school. Over the years we have watched the school grow and develop and seen lots of positive changes happen. My background is in Early Years. I have a BA honors degree in Childhood studies and Education and have 25 years' experience working in private nurseries. I hope to use some of my knowledge and skills to further support Edmondsley School.
